Board Meeting Info

Homeowners and Renters Welcome!

When: Tuesday, July 11, 2017
Where: Autumn Meadows Park, at the picnic table, closest to Jay Street
When: 7 pm.

Neighborhood Streets Program Update

So far four residents have emailed lois_ann@comcast.net to share traffic/parking concerns. Please email by **July 24th** if you want to add your input.

Parking Reminder

On-street parking is limited and it's tempting to park in tow away zones. Please resist. Cars parked in these areas and across driveways pose traffic hazards and prevent residents from accessing their garages.

Rodent Update

A resident who has employed a pest control professional wants everyone to be aware that rats are active in spring and summer. He's found evidence of recent activity. Please discourage rodents by feeding pets indoors, securing garbage cans, and keeping your yard free of debris and pet waste.

LAWN CARE HINT FOR DETACHED HOMES

The landscapers who care for our common areas and the townhouse front yards aerated lawns this past week. You might want to do the same. Aeration allows water and nutrients to reach grass roots. Make sure the ground is moist. The day after a rain shower or thorough watering is best. Use an aerator to perforate the soil with small holes. You can buy or rent an aerator at a garden store or home improvement center.

Party in the Park

You are invited to join your neighbors for a family friendly party in the **Autumn Meadows Park, Saturday, August 5th**, from **2:00-4:00 p.m.** Your Board will provide lemonade and snacks, sidewalk chalk, bubbles, and hula hoops. Please come!
